

■ **Gray Named European Firm of the Year**

Developer Gray International was named European Firm of the Year during the European Standard 2007 competition organized by Gazeta Prawna, in association with FunduszeOnline and Fortis Bank. The aim of the competition is to promote firms that have become highly competitive by adhering to top European standards.

Gray International is currently involved in two important projects. One is the building of Felicity, a shopping and recreation center in Lublin in eastern Poland.

The second project is participation in the redevelopment of Gdańsk's Granary Island. The island is a 30 hectare plot in the heart of the city. The redevelopment of the island will be based on town plans being drawn up by the City of Gdańsk's Development Office.
